

Preferred **Partnership** Key Facts

A new option for people covered by Boeing medical plans in the Puget Sound region

Boeing has entered into a partnership with two health care systems in the Puget Sound area — Providence-Swedish Health Alliance and UW Medicine Accountable Care Network — to offer a new health plan service delivery option in 2015.

This new arrangement, called the Preferred Partnership, is designed to improve quality, provide a better experience for Boeing employees and families, and be more affordable.

This is about providing eligible Boeing employees and pre-Medicare retirees with an additional choice and a different health care experience. Eligible employees can stay with their current plan, or choose a different plan. Once a plan is chosen, the employee can then choose whether to select one of the Preferred Partnership options.

Boeing employees and their dependents can learn more about the Preferred Partnership by visiting this dedicated website: www.healthpartnershipoptions.com

Features

- Lower paycheck contributions for some Boeing medical plans.
- Increased company contribution to the Health Savings Account as applicable.
- No office visit copayments for seeing primary care physicians for most plans (Advantage+ health plan participants must first satisfy the annual deductible, when applicable).
- Quicker access to network primary care providers and specialists, and more after-hours care availability.
- More personalized and coordinated care, especially for individuals with complex medical conditions such as diabetes and heart conditions.

Greater use of electronic messaging with providers, and expanded opportunity to use electronic medical records.

Generic prescription drugs covered at 100 percent (Advantage+ health plan participants must first satisfy the deductible, when applicable).

- Boeing nonunion employees.
- Employees represented by the SPEEA Pilot/Instructors Unit (SPIU).
- Employees represented by the International Union of Operating Engineers Power Plant (IUOE 286 PP).
- Covered dependents of the above three groups.
- Retirees of the above three groups who are not covered by Medicare.
- Retirees' dependents are also eligible if not covered by Medicare.

The networks in the Puget Sound region include:
