

## California Quality Collaborative

### CalHIVE BHI Connect - September 2024

One thing is certain about implementation: it always changes. To ensure that our learning events are the most relevant and actionable to your teams' BHI work, we made changes to the 2024 remaining CalHIVE BHI learning events, which are included the [Q4 Learning Sprint](#). Please note that changes to our optional learning events through Q4 include some new topics, such as the Tableau/data trends session in October.

### Learning Events

Our next CalHIVE BHI Commons (Tuesday, September 10, 11 a.m. – 12 p.m.) will be a BHI Implementation Reality Check: an opportunity to hear about implementation highlights from peers and review the next Implementation Plan, Section 8. There will not be an optional CalHIVE BHI BeeHIVE session in September.

### **Data**

Data and program leads: remember to join the upcoming Data Webinar: Cycle 2 on Thursday, September 12, 12 p.m. – 1 p.m. We will review global reporting for Cycle 2 as well as share updates on pilot site reporting specifications.

Tableau Online access has been granted to your organization's designated member to explore the [CalHIVE BHI – Performance Dashboard](#). Tableau leads, we invite you to use the dashboard's filters to stratify by different levels of granularity, set up custom and standard benchmarks, understand trends overtime and digest information from tooltips (a small pop-up window that will provide you with more detailed information). You will have the capability to download a PDF of any visualizations that you might find insightful. Start writing down your insights and questions and have a discussion with your improvement advisor and teams.

If you have any questions regarding setting up your Tableau account, please contact [Anna Baer](#). For any other questions

regarding data analysis or submission, please contact [Jose Ordonez](#).

### **Improvement Advising**

Over the next several months, your improvement advisor (IA) will be covering Implementation Plan Section 8 at meetings, focusing on updates and improvements. This section will be released during the September CalHIVE BHI Commons webinar and will be due Monday, December 16. You will have the opportunity to work on the section during IA meetings.

Additionally, this month we are releasing the [2024 CalHIVE BHI Survey](#), to collect your feedback on what we should continue and where we can improve. We will include time during our monthly IA meetings to reflect and respond to the survey.

### **Spotlight: 2024 PO Pilot Site Visits**

Over the last eight months, CalHIVE BHI IAs have visited the pilot sites of almost all of our collaborative members. In the spirit of collaboration, we want to share bright spots, key discussion areas and some fun

photos from all the visits. You can review the 2024 PO Pilot Site Visit highlights [here](#).

## Upcoming Events

View all CalHIVE BHI Events in the in the [Q3 and Q4 2024 Learning Sprints](#). All meeting materials are posted on the [CalHIVE BHI program website](#). Questions on upcoming events or invitations? Contact Anna Baer [abaer@pbgh.org](mailto:abaer@pbgh.org)
