## **NCQA HEDIS Measures**

The HEDIS® measures and specifications were developed by and are owned by NCQA. The HEDIS measures and specifications are not clinical guidelines and do not establish a standard of medical care. NCQA makes no representations, warranties, or endorsement about the quality of any organization or physician that uses or reports performance measures and NCQA has no liability to anyone who relies on such measures and specifications. NCQA holds a copyright in these materials and can rescind or alter these materials at any time. These materials may not be modified by anyone other than NCQA. Use of the Rules for Allowable Adjustments of HEDIS to make permitted adjustments of the materials does not constitute a modification. Any commercial use and/or internal or external reproduction, distribution and publication must be approved by NCQA and are subject to a license at the discretion of NCQA. Any use of the materials to identify records or calculate measure results, for example, requires a custom license and may necessitate certification pursuant to NCQA's Measure Certification Program. ### **Measure Certification Notice**

**Uncertified Measures:** The logic used to produce AMP HEDIS or AMP Measure results has not been certified by NCQA. Such specifications are for reference only and are not an indication of measure validity.

A calculated measure result (a “rate”) from an AMP HEDIS or AMP Measure that has not been certified via NCQA’s Measure Certification Program, and is based on AMP HEDIS or AMP specifications, may not be called an “**AMP HEDIS rate**” or “**AMP rate**” until it is audited and designated reportable by an NCQA-Certified HEDIS Compliance Auditor. Until such time, such measure rates shall be designated or referred to as “**Uncertified, Unaudited Health Plan AMP HEDIS Rates**” or “**Uncertified, Unaudited Health Plan AMP Rates**” and may only be used for population health purposes within an affiliated health plan network and internal, quality improvement purposes (e.g., trend analysis).
