

California Quality Collaborative

CalHIVE BHI Connect - December 2024

December is here, and our team is grateful to mark the halfway point of the CalHIVE BHI program.

As we continue to build the movement for integrated care in California, join the final Cal - IN Peer Group meeting of 2024, Wednesday December 4 (12 – 1 p.m.), a great opportunity to connect and collaborate with CalHIVE BHI participants as well as integrated peers across California. Santa Rosa Community Health will share on BHI engagement.

Learning Events

The last CalHIVE BHI Commons of 2024 is right around the corner! Join us next week to say Hello 2025, Goodbye 2024 (Tuesday, December 10, 11 a.m. – 12 p.m.); we will share 2025 program updates and each team will reflect on their learnings. If you have not completed your [team slide](#), please return it to [Anna Baer](#) as soon as possible. One person should be prepared to share on the slide during the webinar.

Data

Teams, thank you for your work on your pilot site measure specifications. Data leads should join next week's Data Webinar – Cycle 3 (Thursday, December 12, 12 p.m. – 1 p.m.). We will discuss pilot site measures' data submission and review our global reporting timeline and requirements.

If you have completed your Cycle 2 global reporting, updated measurement data is in the [CalHIVE BHI Tableau Dashboard](#). Take a look at your performance to gather insights, identify trends, compare your pilot site performance to other practices and compare your performance to the rest of the network.

Reach out directly to [Jose Ordonez](#) with any questions.

Improvement Advising

We appreciate all teams continuing to work on Implementation Plan [Section 8 – Reflect & Adjust](#) with your IA, which is due Monday, December 16.

Resource Spotlight

Check out recently added resources on [CalHIVE BHI website](#) to help you complete Section 8 of the Implementation Plan. We added new resources on model fidelity and measurement-based care.

For those organizations with pediatric programs, we want to highlight additional resources:

- [UCSF Center for Advancing Dyadic Care in Pediatrics](#) – provides many resources about implementing dyadic care and will be launching a webinar series in 2025; sign up for updates on [their website](#).
- [California Child and Adolescent Mental Health Access Portal \(Cal-MAP\)](#) – a CalHOPE pediatric mental health care access program designed to increase timely access to mental health care for youth throughout California’s communities, especially in the state’s most underserved and rural areas.
- [HealthySteps program](#) – provides early childhood development support to families where they are most likely to access it – the pediatric primary care office.

Upcoming Events

View all CalHIVE BHI Events in the [Q3 and Q4 2024 Learning Sprint](#). All meeting materials are posted on the [CalHIVE BHI Program Website](#). Questions on upcoming events or invitations? Contact Anna Baer abaer@pbgh.org
