BHI - CYCLE Resources

On the [BHI-CYCLE Program Website](#) find resources supporting your pediatric BHI programs:

- [Diagnosis and Management of Traumatic Stress in Pediatric Patients](#) – Intermountain Healthcare; Care Process Model provides best-practice recommendations for the prevention of childhood trauma as well as the identification and management of pediatric traumatic stress in primary care and children's advocacy center settings.
- [Screening Calculator](#) – Lurie Children's Hospital of Chicago; to assist in estimating the number of true and false positives as well as true and false

negatives that are likely to result in a screening program.

- [Evidence-based assessment/Assessment portfolios V2](#) – Wikiversity; helpful site to get started with base-rates and sensitivity/specificity
